

Hi! 😊

We have a job to do! Improve your ability to focus and read fluently so you can read to learn stuff. I've designed a rubric so you can work on 3 success criteria.

Over the next 5 days, I want you to audiotape yourself reading, and you'll choose your "best" reading clip to share with me. Each day you will chart your self-evaluation of how you did. After you listen to the clip of yourself reading and you take note of how you think you did!

<u>Read Aloud Rubric</u> <u>Performance Criteria</u> also known as: WHAT WE ARE LOOKING FOR When we read text aloud	Date	Date	Date	Date	Date
1. Stop at the periods > pause, please! 😊=I did this most of the time! 😐= Still working on this!	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐
2. Reading is smooth and with expression, in a "connected" way—we can hear by the way you read that you understand what you are reading. Melty chocolate, melty caramel... 😊=I did this most of the time! 😐= Still working on this!	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐
3. Sound out all the words, please! NO guessing! 😊=I did this most of the time! 😐= Still working on this!	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐	How I did: 😊 😐

I have 100% confidence that you can do this, but as we both know, YOU are the only one who can! Work hard! You can do it!
